PRESENTATION: Hand Digging Video (with Cherryland Electric slides)

DISCUSSION: 7 people total attended. Showed the hand digging video with the pictures Cherryland Electric provided to us. Then we talked about CFR 196 which not everyone was aware of.

ISSUES: There is an issue with USIC/AT&T marking tickets No Conflict when there are peds in clear site on property. Don't know if their map area needs to be updated but it is happening quite a bit in the GR, Lansing, Jackson areas. Also they all said it would be helpful to provide a good number to get a hold of AT&T if needed.
