

**Tri-County DPA**  
10/18/18 @ 9am  
Saginaw CRC

**ATTENDEES:** Scott Hare, Mike Ecker, Tim Brown, Travis Hare – Saginaw CRC, Jason Root & Allen Jacobs – Tuscola CRC, Ed Brown, Davison City, Cathy Kelbey-CMS, Christine Davis-Champagne & Marx, Paul Harding – MISS DIG 811

**ABSENCES:**

**PRESENTATION:** Paul went over the new Positive Response Codes & brought along updated Scope of Work rules.

**DISCUSSION:** We discussed the locating responsibilities of school districts, making homeowners aware of calling in a dig notice for work like installing invisible dog fences, geo-fencing areas with high traffic like the SOS, what is being done to do more school education. It was brought up that it would be great to receive an email or text reminder when your dig notice is due to expire. That idea was passed up the ladder. Also, with so many road commission workers in attendance, we discussed the routine road maintenance exemption, how each county road commission handles different scenarios, like ditching, grading, mailbox destruction. We also determined that we should come up with a date for next spring's Excavator Safety Kick-Off for the next meeting.

**ISSUES:** There were issues with Dow Chemical clearing a ticket when they had no facilities in the area. Paul Harding did reach out with info to Dow after the meeting.
