

Tri-County DPA
11/16/17 9am
Saginaw County Road Commission

ATTENDEES: Ed Brown-Davison City, Mike Ecker-Saginaw CRC, Shannon Taylor-USIC, Travis Hare -Saginaw CRC, Scott Hare – Saginaw CRC, Omar Orizaga-CMS, Cathy Kelbey-CMS, Tim Brown-Saginaw CRC, Dick Crannell-TCCA

ABSENCES:

PRESENTATION: Paul Harding did a presentation on Positive Response & Excavator Response

DISCUSSION: The meeting had multiple discussions. We spoke at length about emergency tickets, and tickets that are called in as emergencies that aren't emergencies, and potential remedies. Scott brought up an issue regarding damages incurred by a sign company that requests big stretches of road to be marked, but does not hand expose. There was also discussion about contact info on tickets, and why it can be difficult to obtain with possible remedies. Ed Brown suggested that there be an easier method of getting contact info, like a password-based contact info list. A good meeting

ISSUES: It's officially deer hunting season, so I do believe that is part of the reason that we only had 11 people. Otherwise, another good Tri-County DPA meeting.
