

Tri-County DPA

4/19/18

Saginaw County Rd Commission

ATTENDEES: Ed Brown-Davison City, Brent Tolbert-Pigeon Telephone, Cathy Kelbey-CMS, Omar Orizaga-CMS, Shannon Taylor-USIC, Travis Hare-SCRC, Tim Brown-SCRC, Scott Hare-SCRC, Christine Davis-Champagne Marx, Joel Kraeuzlein-Midland City, Paul Harding-MISS DIG 811

ABSENCES:

PRESENTATION: Paul Harding did a presentation showing how Locates Without Borders works, and went thru the e-Suite page

DISCUSSION: A good meeting and discussion with 2 new attendees: Brent from Pigeon Telephone & Joel from Midland City. There was talk that it would be great to have an AT & T rep regularly attend meetings. Also, a question regarding whether calling in a damage ticket (coming in the 4th quarter) would or should automatically trigger a restake. Also, a question about the purpose of the URL column on positive response. **Member Support's reply: The URL field has been added to Positive Response for users to include a URL directing inquiries to the information/documentation/manifest for the locate they performed. The URL directs excavators to an external site (i.e. USIC, UtiliQuest, Verizon, etc.), not a Notification Center site. The link appears on the Ticket Response Inquiry (response.missdig.org) page. This is not a required field.** And of course, plenty of discussion about work being done in the area & some of the issues arising.

ISSUES:

NEXT MEETING

Topic: tbd
Date: 5/17/18
Time: 9am @SCRC

Location:
