

Tri-County DPA
8/16/18
Saginaw CRC

ATTENDEES: Mike Ecker – SCRC, Shannon Taylor – USIC, Michael Todd – CMS, Omar Orizaga – CMS, Paul Harding – MISS DIG 811, Bruce Campbell – MISS DIG 811

ABSENCES:

PRESENTATION: Damage Reporting Tool

DISCUSSION: It was our lowest attendance since the re-introduction of the Tri-County DPA just less than a year ago. Paul Harding did a pre-recorded presentation on the new Damage Reporting Tool available thru MISS DIG 811. One issue that did come up from Shannon of USIC was that all Charter codes were 999's due to a glitch in the system. Discussion continued around how to best deal with the situation until corrected, but it appeared that the problem may have been resolved that day.
