**Option: Remote Ticket Entry**

The Remote Member Access program provides members access to the MISS DIG 811 System to research and query tickets, check on the status of delivery queues, view member notification areas, perform database maintenance, and much more. There are six types of Remote Member Access accounts available. As a vendor associate member, you could hold two of the Remote Member Access Account Types:

- Remote Member Access Mapping
- Remote Member Access Search

These Remote Member Access Accounts will be linked to all Facility Owners' Member Codes that MISS DIG 811 has received written permission from the Facility Owner to share with your organization. We provide a form, Agent Letter, for use by our members to provide this permission. The Agent letter is available from our Member Support Department or online at [www.missdig.org/resources](http://www.missdig.org/resources).

Your employees will be able to establish their Remote Member Access Account and learn more about the features at [www.missdig.org/members/remote-access-members.html](http://www.missdig.org/members/remote-access-members.html).
