SUBJECT: NONESSENTIAL PROJECTS

MISS DIG 811 supports the State of MI and the Governor in EO 2020-21, "Stay Safe, Stay Home." We encourage people to wait to dig during this time to limit field personal exposure to COVID 19. Please postpone any nonessential digging projects until after the Executive Order is lifted. If you do dig, you are required under PA 174 to contact MISS DIG 811 by calling 811 or placing a web request at [missdig811.org](http://missdig811.org). After placing the request and before digging you must check positive response [status.missdig811.org](http://status.missdig811.org)

If you would like, you can request information through our e-Plan, <https://newtin.missdig.org/e-suite/>, our web based single address planning tool. The request goes to Facility Owner/Operators and they will provide information on the utilities in the area of your proposed project. This is for planning purposes only and cannot be used for digging.

Bruce Campbell  
Chief Executive Officer
